Key Service Features

Health Pals saves Healthcare Facilities up to 80% on Drug Manufacturing Costs. We have the best direct prices.

Health Pals Warehouses are capable of manufacturing millions of medications every month with fast turnaround times.

Health Pals has multiple warehouses across the country, with over 100,000 sq feet, for Pharmaceutical production, manufacturing, and compounding.

Health Pals' can manufacturer and dispense drugs for your organization, saving you the time and money of dispensing the drugs yourself.

Health Pals was created by Scientists and Clinicians. Our Drug Manufacturing can be utilized as a standalone service, or as part of a full Clinical Research Organization (CRO).

Unique Solutions

We manufacture common drugs forms:

- ⊕ Injectables
- ⊕ Capsules
- ⊕ Tablets
- ⊕ Eye & Ear Drops
- ⊕ Nasal Sprays
- ⊕ Creams & Ointments

Our global reach enables us to serve Clients worldwide, not just in North America. We implement the best industry standard technology to ensure you receive safe and genuine products.

**Our products are proudly
made in the United States.**
